KEY SKILLS:

- | | | |
|--------------------------|-------------------|---------------------|
| • AI Agents | • AI Voice Agents | • Azure |
| • Python | • Pipecat | • Docker Swarm |
| • Langchain | • ChromaDB | • GIT |
| • Claude Agents / Skills | • SQL - MSSQL | • Linux |
| • Genesys / Twilio Cloud | • NOSQL - MongoDB | • Nginx / Openresty |

WORK EXPERIENCE:

Data Scientist @ Sutherland global services

June, 2025 - Present

Virtual Agent - Voice AI

- Designed and developed **AI Voice Agents** that can do both **Inbound and outbound** calls through telephony & VOIP. Deployed to Healthcare provider clients following **HIPAA & GDPR compliance**.
- Designed the systems to make **10,000 outbound calls** per day per client, with precisely designed infra with **50% cost optimization** than traditional systems.
- Genesys cloud, Twilio, Amazon Connect, Avaya were used as **Telephony providers** with Azure **MSVoice Live Kit**, **Pipecat** as LLM's with model **GPT-5.1**, **Claude Opus 4.7**. For TTS, Azure neural voice, **Rime**, **ElevenLabs**, **Cartesia**, sesame are used.
- Completed **200,000 + minutes of audio streaming in production**. Build **workflow orchestration** UI to design conversation flows with ultra low latency (700ms).
- Implemented **Live monitoring capability** of both **voice and transcript** of an on going call. supervisor feature is also enabled to take **ongoing live call** from the application.
- Designed and developed **Dynamic IVR navigation engine** - goal based system. Based on intent of the call the IVR navigator sends the **DTMF tones & audio bytes (in-band/ out-of-band)** and connects to human rep / voice agent.

AI Engineer @ Sena

January, 2025 - June, 2025

Travel Agency AI Vertical Agent

- Developed a AI Agent in the Travel niche where **90% of process is automated**. From enquiry management to quote generation has been developed. which significantly increased the conversion rate of the users with **50% cost cutting to travel agencies**.

Multilingual Voice Agent

- Integrated OpenAI's Real-Time API / Gemini 2.0 flash live model for integrating voice based responses to the clients. Integrated **AI Voice agents to make calls and attend calls** in multilingual.
- We have also integrated both external and internal knowledge base to the voice bot that uses openai tools call and langgraph for making **real time data fetching** and seamlessly delivers voice.

SD @ Anunta Technology Management Services

August, 2023 - December, 2024

Auto Agent Upgrade

- Architected and developed a **self upgrading service with a continuous deployment (CD)**. A windows service that upgrades itself when an update is available.
- Nearly **50% of Ops team** work has been **automated** and VM monitoring has become easier.
- The agent was packaged into a MSI and the MSI containers 3 more services that monitors all the VM metrics and events.

EDUCATION:

MBA - Birla Institute of Technology And Science, Pilani - WILP

MBA in AI for Business - 2025 - 2027 - (Present)

UG - KCG COLLEGE OF TECHNOLOGY - ANNA UNIVERSITY

B. Tech in Artificial Intelligence And Data Science | 2020 - 2024 | CGPA - 9.20 (GOLD MEDALIST)
